Review of proposals

Debra DeSpain- Kaiser will not release until 2024 rates released; Sutter Health Plus and Western Health received; declined Blue Shield, Health Net, Aetna, CIGNA, United Healthcare. JPA/Trust- received CCCSIG, waiting on SISC, CVT, San Mateo Medical Consortium.

Explained that declined to not being competitive to what we have currently meaning cannot beat the price, declined because not meeting participation requirements because of medical needs (high use).

Explained the data on the forms:

CalPERS PRELIMINARY renewal, all with increases. Medicare not released yet.

The first column is the CalPERS Preliminary Renewal, columns to the right are options offered within the non-CalPERS provider. Separate by color.

Explained the 80/20, 90/10. Co-pays to be paid, annual out of pocket max, deductibles.

Plan comparison

Questions/Comments:

UCDavis users; discussion of JPA's; non-participation 'fines';

Pages that compare the non-Kaiser plans side by side.

Links to providers who participate in the different providers.

Carrier Overview of Diversity, Equality, and Inclusion included based on member request.

Medicare comparisons explained.

Need to notify CalPERS 2 months after they release renewal information- by mid-September.

Some customer service will change if we leave CalPERS for direct resource- will go directly to carrier or through district office to go to broker to assist.

Meeting Ended: 3:03 pm
